NANCY —

Well "Too Soon" I guess this is the end for you but not for me  
we have really had fun. It was great knowing you! Remember all  
the basket-ball games we played and last! And the time we went  
to Rio Vista and met that "Handsome Fellow" working at that  
store? Boy we really up setted that town, telling the cop that  
we ran away from home and that we stole the car we  
were driving. All the people were looking out their windows  
then to top it all off you had to go to a wedding and I had  
to drive and you kept saying "Go faster, Boys, Go faster". You  
were all mad at us! Then Rose and Nancy were  
singing in the back seat. Boy I think  
we've really had fun. Next year we'll have a basket-ball team  
but not as good, with you gone. Who's going to make the  
points? I'll miss your smiling face, your kind heart,  
your terrific sense of humor and your wonderful person-  
ality. Shall we pause a minute and shed a few tears?

## Dedication

THROUGH OUR FOUR YEARS at

St. Mary's, Sister Rose has been our

unfailing counselor and friend. Her

sympathy, understanding and good

example have led us to a deeper

appreciation of our Catholic Faith.

It is with pride and pleasure that we,

the Seniors of 1955, dedicate this

year book to her.

I hope that I'll see you in the  
summer. Oh! I almost forgot! Hows "Green Eyes"!  
Boy, when is he coming back. I'll love to know him.  
Give me a few pointers on the fundamentals of basket-  
ball - (Boy, oh, boy) All kidding aside it's been crazy  
(and I mean crazy) knowing you.

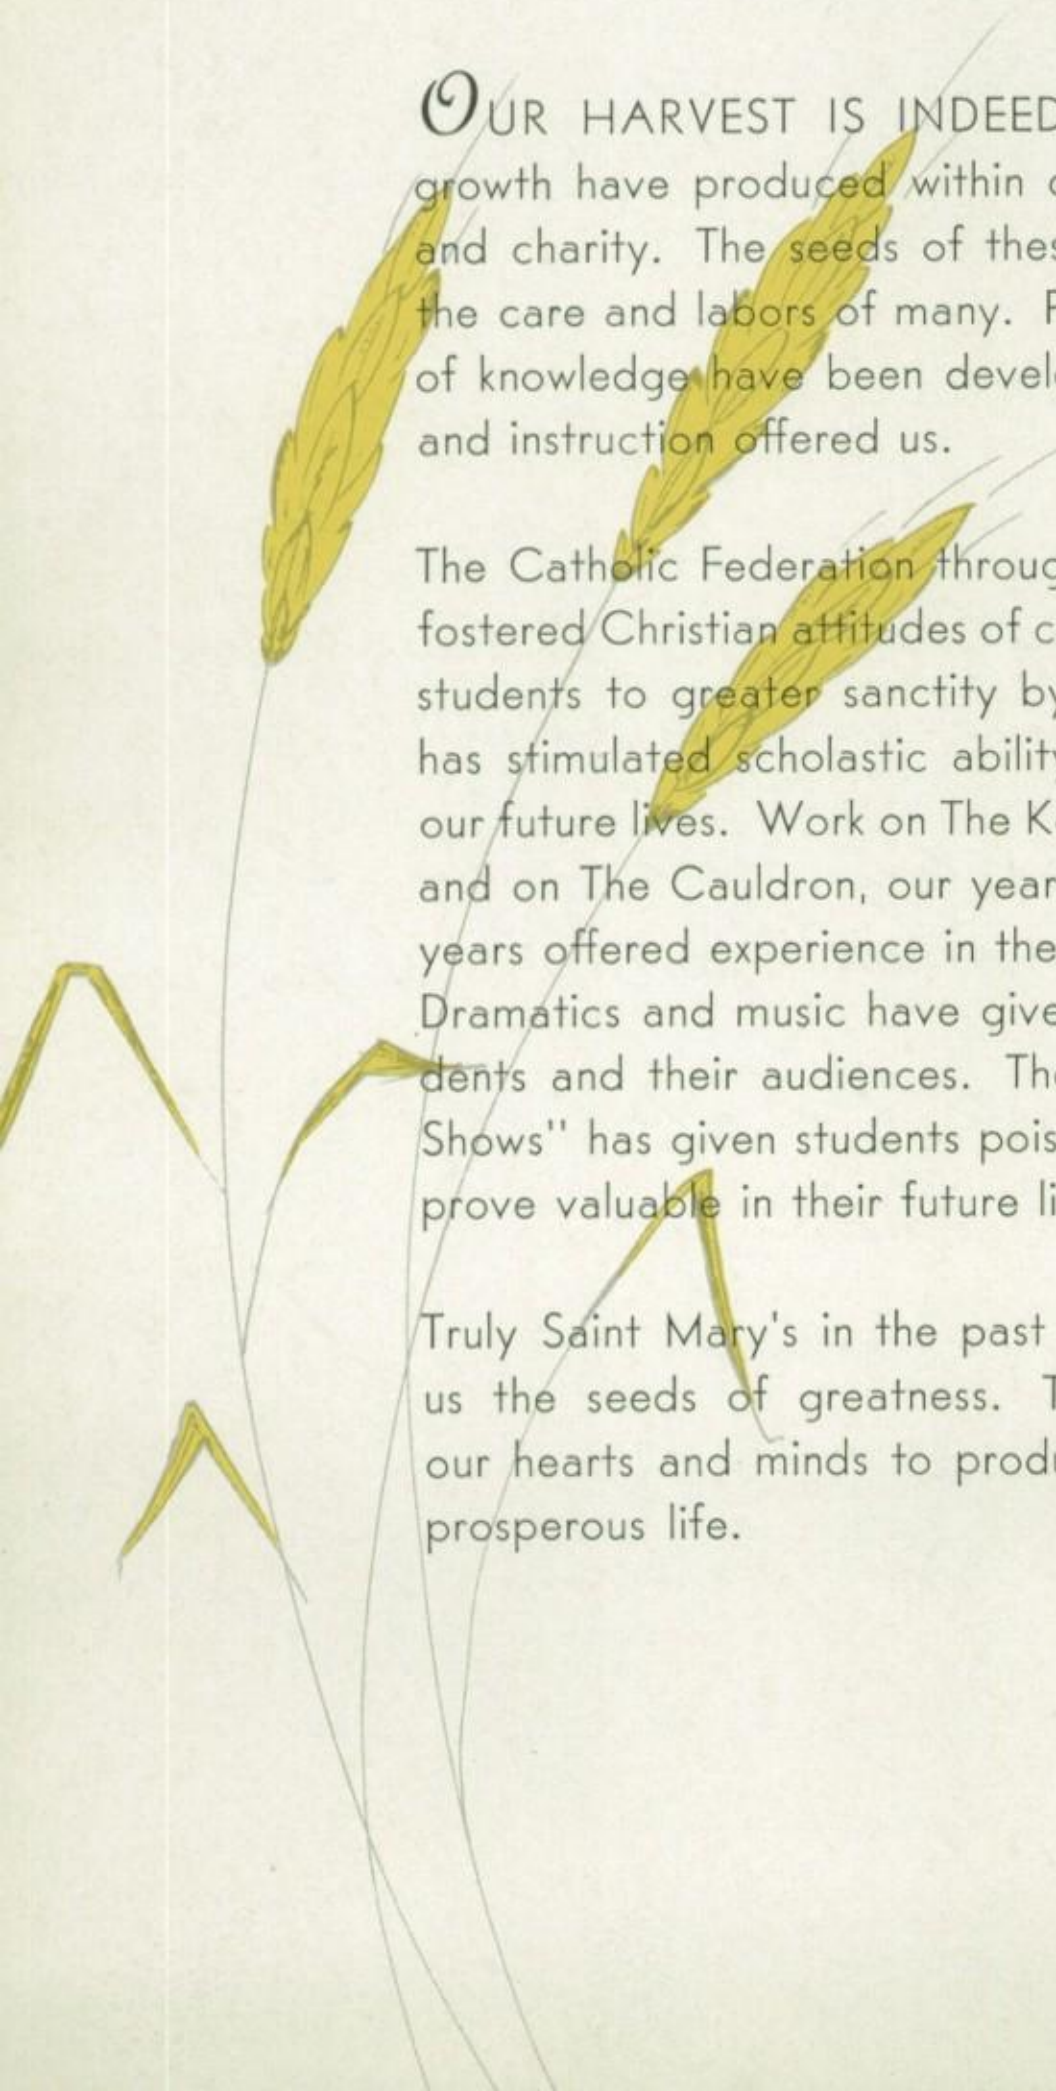

Love, Bless you!  
Joy

# The Harvest

"I say to you, lift up your eyes and behold that the fields are already white for the harvest."

--- St. John 4, 35-36

A stylized illustration of several wheat stalks with golden-yellow heads and thin, light-brown stems. The stalks are positioned on the left side of the page, with some heads reaching towards the top and others lower down. The drawing is simple and artistic, using fine lines and flat colors.

OUR HARVEST IS INDEED GREAT. Four years of growth have produced within our hearts fruits of wisdom and charity. The seeds of these fruits were nourished by the care and labors of many. Potential leaders in all fields of knowledge have been developed through the activities and instruction offered us.

The Catholic Federation through its many committees has fostered Christian attitudes of charity and faith and inspired students to greater sanctity by its activities. The C.S.F. has stimulated scholastic ability, a very necessary fruit in our future lives. Work on The Kettle, our school newspaper, and on The Cauldron, our yearbook, have in the past four years offered experience in the fields of literature and art. Dramatics and music have given pleasure to both the students and their audiences. The Seniors' annual "Show of Shows" has given students poise and experience which will prove valuable in their future lives.

Truly Saint Mary's in the past four years has sown within us the seeds of greatness. These seeds will flourish in our hearts and minds to produce the fruits of a full and prosperous life.

# Spiritual Harvest

"He who drinks of the water that I  
will give him shall never thirst . . ."

--- St. John 4, 13-14.

WATER IS A SYMBOL OF GRACE, the grace of which we have drunk deeply during our four years at Saint Mary's. As no harvest can grow without water so no student's life can grow to maturity without the spiritual nourishment drawn from our school life. Through the channels of the sacraments, the rosary, and the Catholic Federation we have received much spiritual strength. Each week day is set aside as Mass day for one of the classes, and during noontime it is the practice of the students to drop into Church to say the rosary. Among the activities of the Saint Mary's Federation Committees this year have been the Marian Year Panel, the Catholic pocket book sale, a Christmas party for underprivileged children, and a luncheon and dance to raise money for the missions. Through these activities we have been made aware of the necessity of living a full spiritual life, and reservoirs of strength have been formed within us. Now we must go into the world and be as channels of grace to others.

# Social Harvest

"... Behold how good and how pleasant it is,  
for brethren to dwell together in unity."

--- Psalm 132

**D**URING OUR FOUR YEARS AT SAINT MARY'S, we have often taken time out from our studies to enjoy the various activities and amusements offered us. There have been the dances, sponsored by the committees and classes, bazaars, rallies and luncheons. All have been a part of high-school life, helping to make it more interesting and enjoyable for us. But we have gained more than pleasure from them. Besides affording relaxation from our daily routine, these social functions have given us opportunities to make many friends who will stay with us long after our high-school days are over. We have acquired poise and the ability to meet people. When the time comes, we will easily be able to take our place in a world where better understanding among people is a necessity.

# Sports Harvest

"Behold, the sower went out to sow.  
... And other seed fell upon good  
ground, and sprang up and yielded  
fruit a hundredfold ..."

--- St. Luke 8, 8-9

A stylized illustration of several wheat stalks with golden-yellow heads and thin green stems, positioned on the left side of the page and partially overlapping the text.

OUR SPORTS PROGRAM is the "good ground" and in it we are sowing the seed of youth. The fruits of this labor are many. Among them are good health, teamwork and good sportsmanship. Good health is a direct result of sports. The body is subjected to hours of practice, which toughen the muscles and stimulate growth. Our students receive this body building exercise in our intramural and competitive sports programs.

Other fruits of a sports program are teamwork and good sportsmanship. The players learn that they cannot play only as individuals but must work together, each depending upon the other. By co-operating on the playing field they learn to carry a spirit of co-operation into their everyday lives. The players are also taught to lose graciously, a valuable lesson since everyone must face defeat often in life.

For the past four years we have sown the good seed of our senior class in the fertile soil of sports. Now a hardy crop emerges, ready and able to face the world.

: Dear Nancy:

You know I can't write. In the first place I don't  
know how to spell. But I guess it does not take much  
to say that I will miss you even though I said  
I would not. I am at a loss of words I can think  
of so much to say but I can not write it. We had  
fun even though we did fight some times I always  
thought you were right. You are a great girl with  
a personality worth a million. Miss you and  
Angel next year! No!! What makes you  
think that sounds just like me. I hope  
you can read this. I hope that everything  
you wish comes true. Just as I hope  
everything I wish comes true. I hope we  
see each other often. Just - just don't  
forget me "I did you not." I have to say  
good by. Best of luck always. -

Remember the miss.
